Hi JR,  
For my part:-  
Please find attached table for the past years GHG calculations, and another HTML file is attached have all the information about Cathcart landfill for total waste tonnage and area.  
Snohomish county/ Solid waste have the monitoring responsibility of 5 closed landfills: (**Cathcart, Bryant, Lake Goodwin, Lake Stevens, and McCollum Park**), Reporting GHG only for Cathcart Landfill flaring system.  
No Open Landfills.

Regards

*Respectfully,*
