---	--

Contact Andrew Schiffer to sign up 413-219-3013 or bricktree66@gmail.com (in English) or Paulina Lopez 206-251-2038 or paulina@duwamishcleanup.org (in Spanish) to sign up and choose your Green Wall style.

The Duwamish Valley Youth Corps Mentors have been learning all about Green Walls for the last 12 weeks and are ready to teach you how to build your own for \$75 or less. Come learn about air pollution in the Duwamish Valley, and how plants can help keep you healthy. The first 20 people to sign up for each workshop will get to take home a free green wall you will build at the workshop. All building materials, soil, and plants, will be provided.

Choose from the following styles:

Succulent Frame
(Indoor/Outdoor)

Tripod Trellis
(Outdoor only)

Container Trellis
(Indoor/Outdoor)
Different base

Half Pallet Planter
(Indoor/Outdoor)

- Advance sign up required to get a free Green Wall, however everyone is welcome to attend the workshop and learn how to build green walls.
- Parts list and directions will be provided free to everyone.
- Limit 1 Green Wall per household.
- Only residents of Georgetown and South Park are eligible for a green wall, everyone is welcome to attend the workshop.

This project is funded by the Duwamish River Opportunity Fund and is a collaboration between Bricktree LLC and the Duwamish Valley Youth Corps - a program of the Duwamish River Cleanup Coalition, with support from Aster Rosa Designs, Just Health Action, the Seattle Parks Foundation, and King Conservation District.
